ABOUT ME

Experienced software developer with 10 years in the industry and dedicated full stack developer with 2 years in React, Redux, Node, Express, Oracle and MongoDB.

I've worked in different environments, from start-ups to big corporate firms.

Apart from my professional career I supported a Silicon Valley based start-up as a freelancer using Angular, Firebase and Google Cloud.

I am a self-motivated and self-taught professional who likes to solve problems.

I DJ and produce music as a hobby in my spare time.

SKILLS

Front End: ReactJS, Angular+2, Ionic, MaterialUI, SemanticUI, HTML5, CSS3, JSON, RESTful API

Back End: Node, Express, SQL, PL/SQL, Google Cloud, Firebase

Experience

TURKISH ECONOMY BANK (BNP JV) (2016 – Present)
SENIOR SOFTWARE DEVELOPER
Developed a full-stack web application that allows users to track their progress on our Agile environment. The application also tracks teams, themes, releases, sprints and then provides a summary of progress.
Our technology includes many popular solutions such as React, Redux, NodeJs, ExpressJs, OracleDB, MongoDB and many more.
Used Agile and Scrum methodoligies for better software quality and worked closely with UX designer, testers, and clients to identify features the software needs.
Built stored packages, procedures and functions in Oracle DB using PL/SQL for accounting projects.
I also created many pages and solutions for accounting team using Oracle Applications.

EXPERTEAM CONSULTANCY (2014 – 2016)
SENIOR CONSULTANT DEVELOPER
